Mr. David Stawick, Secretary

Dear Mr. Stawick,

I am quite disappointed that the CFTC would consider this quite astere move to severely limit my options and my ability to trade as I desire.

I believe that I should be able to determine my own level of risk aversion. I was originally disappointed to see the Forex market requirements changes from 400:1 to 100:1.

Now, I am quite surprised and disappointed to again see this governing trying to limit my ability to decide for myself how I do business.

I am NOT in support of the proposed CFTC changes. Please do not make these proposed changes.

Regards,

Scott Paulson
